Product Name :
Robotics Learning Trainer

Product Code :
SCHOOL-ROB900005

Description :

Robotics Learning Trainer

Technical Specification :

FEATURES:

Includes 5-axis articulated servo robot arm

Features a state-of-the-art teach pendant

Teaches articulated arm servo robotics and how its applied in industrial tasks

Provides various programming opportunities

SPECIFICATION:

A heavy-duty, mobile robotics workstation capable of supporting industrial quality robots, feeders, fixtures and other accessories.

The workstation is constructed of heavy-duty welded tube steel and a perforated steel top.

The perforated work surface enables fixtures and tooling to be quickly attached and removed, allowing multiple groups to share the use of the robotic workstation.

A state-of-the-art device that features two-line display, an emergency stop button, jog capability, and four soft keys which allows the robot to take on a variety of functions according to the menu shown on the teach pendant display.

This unit becomes a handheld programming terminal, enabling users to enter and edit teach points.

A sample copy of the Robotics 1 Student Reference Guide is also included with the system for your evaluation.
